Dear Students,

Greetings of the day!!!

Kindly find the details regarding the Off-Campus Selection Process by **M/s. Kovai.co** for the 2022–2026 batch students.

1. Company Details: Kovai.co (http://www.kovai.co/**)**

2. Shortlisted Students:

S No	Reg No.	Name	Stream
1	7376222AL109	Ameen Ahmed H	Artificial Intelligence and Machine Learning
2	7376222AL168	Mani Sankar U	Artificial Intelligence and Machine Learning
3	7376221CS223	Mohamadu Riyas S	Computer Science and Engineering
4	7376221CS344	Varun Kant K P	Computer Science and Engineering
5	7376222IT162	Kamarajan V D	Information Technology
6	7376222IT219	Padmashri S	Information Technology
7	7376221CS281	Rohit T	Computer Science and Engineering

3. Role: Data Scientist

4. Drive Details:

Note: Students must make their own transport arrangements.

Date: 10th December 2025 (Wednesday)

Reporting & Registration: 08:00 AM

Venue:

- Kovai Systems India Pvt Ltd

- D Block, 8th Floor, Hanudev Infopark,

- Nava India, Coimbatore,
- Tamil Nadu - 641028

5. Selection Process:

- Introduction Session -Interaction with our Head of Data Science.

- Task Round - Students will work on the given Data Science assignment.

- Evaluation Round - Assessment of submissions and shortlisting for interviews.

- One-to-One Interviews - Technical discussions with shortlisted candidates.

Process Updates:

WhatsApp Link -> https://chat.whatsapp.com/LsUNUSBrn8kKgDjF8FY8mQ

6. Pre-Task Prep Tips:

Before you begin, brush up on:

- Core Data & EDA Basics – Cleaning data, identifying trends, seasonality, outliers, and understanding distributions using basic statistics and probability.
- Time Series Foundations – Brush up on trend, seasonality, stationarity, ACF/PACF, and other essential concepts.
- Forecasting Techniques – Revise ARIMA/SARIMA, Prophet, and simple ML-based forecasting approaches.
- Model Evaluation & Feature Engineering – Know MAE, RMSE, MAPE, time-based validation, and features like lags, rolling windows, DoW, holidays, etc.
- Coding Practices & Tools – Follow clean coding, add clear comments, learn essential Git commands, and maintain a neat, well-structured repo/notebook.
- Setup & Presentation – Ensure Jupyter Notebook or any coding environment is ready; keep your reports, outputs, and explanations concise, clear, and insight-driven.
- Study the Basic Concepts – Revise foundational topics in probability, mathematics, statistics, Python, programming, and basic software engineering principles, as interview questions will focus on simple, core concepts from these areas.

7. Important Instructions to Students:

Explore Kovai.co and its suite of products beforehand.

Dress Code: **Formal dress is mandatory.**

Students must carry the following documents for verification:

• College ID Card

• Updated Resume – 3 Copies

• Xerox of SSLC, HSC/Diploma & Grade Sheets

• **Carry any valid ID proof such as Aadhaar, PAN, or Driving License**

• A4 Sheets – 10 Nos

• Passport Size Photos – 3 Nos

Note: Students are instructed to bring a **Webcam-enabled laptop with a wired headset.**

8. Important Facility Needed:

- For Mentors: Kindly provide OD for Day Scholars and Hostellers.

- For Students: Kindly apply for OD.

- For Hostel Managers: Kindly permit Hosteller students to attend the interview process.

9. Staff Coordinator:

Staff Name	Designation	Mobile
Ms. Kanimozhi D	Language Trainer	6379019293

All the best!!

Thanks & Regards,

Pranov P | **Management Executive**
Dept of Training and Placement
Bannari Amman Institute of Technology
